1.2.14
a Lesson in the University of The New Covenant
Theodore Cottingham, January 30, 2004
www.NewCovenant.me

1. Your design and structure is of Me and My DNA, My being—and My doing. In Me you live and breathe and move and have your being—and your doing—My doing through you—if you let Me. Me—My DNA—My spirit—conceived in Me, birthed in you, oh joy of joys, relief, release, joyous celebration.

2. I love you. I love you. I love you. I touch you, I hug you this day, this hour, these moments you walk among Me and My pillars and My glass stained with images made to represent Me and My life and My walk on earth, My death, and My power—resurrection, resurrection, resurrection. And Ted, **I do—really—sit at the right hand of God the Father making intercession for you, for you, for that which is conceived in you by the Holy Ghost will come to pass**—be resurrected into life abundant—and significance My body.

3. You are privileged because you are humble and have withheld nothing from Me, piercing asunder spirit and truth, from flesh and untruth—lies and tradition and rule-laden systems of serving Me—into freedom land – Eden – of Me – existing for all who choose and overcome and fail not to persevere after failing, but persevering to persevere knowing I have crowns of righteousness for them, for them individually with their new name on them, and My name, and oh glorious beauty of gems of only Me, purified by fire, testing, trials, misunderstood, purified, tried and true, found not wanting- anything but Me.

4. I love you. See My eyes looking directly into your eyes, your heart, and feel My heart beat for you, you Ted, you Ted, Ted, you.

5. You reader, Ms, Mrs, whatever your title, young and old, Mister, Rev, Dr, whatever your title, your position, your abundance or lack: I love you and look straight into your eyes this day and await the reciprocity of heart that I offer you, standing, kneeling, ever before you. I love you. I love you. I died for you. I love you. I gave Myself a ransom for many, yes, and for you- I cried, I died. I arose, I live and I intercede for you daily, you daily, daily.

6. That's why it's so important for you to come—daily, daily, daily, and intercede for Me to make My will known fully to you, in you, and what is conceived by Me, of My Father, of Us—One—implanted into you—birthable by you, by the power of My Spirit, in concert and perfect congruous beauty of My body—pulling together—one.

7. The day of isolation is over—no longer in penitent solitude will master disciples make master disciples who in solitude live exclusively, reclusively, but manifesting the beauty of My Holiness in My body I am, for all My body to see and role for the models, so role models I have, until they realize the fullness that- I am their role model. And all they want to do, and become, they can do and become—in Me—preconceived of Me and placed in their heart. Oh purity, oh drink-offering, oh submitted to Me, My authority—one.

8. My design, of molecules, molecular structure of DNA of atoms of only Me, flourishing in My love, bringing forth giants in Me, for My Mine.

9. Oh glorious joys of My beauty springing forth in My body, large, at large, gargantuan and growing mightily, and on back rows and seats in shadows no longer.

10. This is the day of new beginnings—Jubilee for many who in the furnace have been—found tried and true, burnished—bronzed and gold plated not, but found as pure gold—purity of pure, pure in My holiness and righteousness so that My holiness and righteousness can come forth in holiness and righteousness and glory and honor and power, deferring even to show and reflect how I glorify and how I honor.

11. I washed their feet Ted. I answered their questions. I sat at table with them, even when there was no table. I provided. I gave, I gave, I gave. They listened, they learned, they opened, they sought, they questioned, even bickered, but persevered, persevered, persevered, knowing that which was in them was of the Holy Ghost—Me—God—power, strength—more, more, more. And Ted, terms not important, but important—they know.

12. And My body knows today—**so many so young know—feel—and await to become—to feel, to become—and dominate their craft in expertise, excellence and scholarship that confounds and displaces conventional wisdom and tradition based in logic and rules of untruth—with Me stripped out.**

13. **I am looking for a people—My new generation—gap standers—unafraid of missiles and nerve gas and explosives of cannot-harm-Me, to travail and prevail in My kingdom to take back all that is rightfully Mine—now, now—and forevermore.**

14. A new day—a new Christening of My generation of stone builders in My, My kingdom, who conduit Me to all the trades and crafts and technologies yet to even be given, exposed, discovered, pulled back, into view, and used primarily for Me, Me, Me primarily, My body primarily, Me, My body—one—in networks of plenty and abundance and designs and structures of only Me—coming out of the birth process of the tried-and-true—pure, holy, focused, unafraid, entrepreneurial-ed in Me—with Me—in My body pure; value systems of Me, My heart, My oneness, seeking no glory or mammon for themselves, but exaltation in My throne room—Me—intimacy—purity, holiness, and

realms of beauty experience-able by every chooser who chooses Me and will walk with Me, and let Me teach—training, showing—mature, obey.

15. Oh its begun Ted, your school is begun, its begun, roll forth, go forth in might and power and confidence. May third week is good, roll forth, roll on, I am with you, beside you, in you, and in front of you, I am above you, beneath you, and enshroud you in My glory, and Ted, your purity.

16. Purity you are imparting to and in My body and powerful is purity purified in humility and perseverance—tried and found true—networked in My body—sinewed into strength impregnable by enemy forces and lies centuries old—impenetrable by patterns of thinking used by ancients ago, older than old. Oh Ted, rejoice.

More than enough, more than enough, more than enough you have, you employ, you enjoy, you laugh. You somber not but roll in laughter and war in your joy.

17. Armaments come—are there Ted—awaiting—there—arising—going forth upon your command. Direct, command, lead, authoritize those I have given you. And direct and command and walk forth subject to no man or other power—I am, I am, I Am.

This is Mine and you are Mine and it is not yours.
You are Mine and this is Mine and this is where I teach and turn tides of centuries.
This is where I reveal Myself in front lines of battle lost centuries ago, but no more.
I love you, I love you, I love you.

18. Penetrate every barrier, every craft, every structure with the purity of Holiness, the Holiness of purity, in Me, of Me, by Me—one, one—all—My body One-ized.
Spoon feed not—let them mine, mine, mine My words for depths of truths that they can reveal and answers give—re-imaging Myself upon them in the process.
I love you. I love them. I love you all.

19. Make something great? Me only, My name—beside Me, My arm around you, encouraged, birthed of Me, arisen, confidenced, significanced—and penetrating every craft and creating of Me and relying on mammon not, on intelligence and intellect not, on tradition and history not, on man not, on Me yes—My being, My doing—Me—in you, with you, in and with My body one—one.

Not by might, not by power, but by My Spirit, says who? Says Me. I Am.

20. I love you. I call you to intercession, more intercession for My body. All details [taken care of] by others—intercede, intercede, intercede for My hurt, lost, dying, as they wander about aimless before Me. Leadership arise in My chambers and authoritize those graduate-able tried and true—chamber maids, friends, warriors, obedienced, holy, pure,

sinless in My presence, full of Me, glorifying Me, persevering—even in failure—persevering in Me, consistently, persevering in Me.

21. I love you. Arise. Your birthday—the greatest. The beginning of Me in your life—Ted, happy birthday—even now—53 you will be—ready you are—fire! Now love Me more, talk with Me more, ask Me more questions so I can reveal My deeper truths consistently and correctly to all who will value them. Intercede, intercede, intercede for maturity in My body—maturity, maturity, maturity. I love you. I mature you. I seek so to mature My body all.

22. No lack—All Provision.
All there—waiting—there Ted, in piles and stacks, on yards of acreages, waiting to be placed into service: all the supplies, materials, rock and stone, mortar, craftsmen anointed by Me, empowered by Me, architecting My designs through them, bringing all the glory, all the accolades, all the effectiveness—to Me—to Me—Me alone.

23. All there Ted, see it, see it, see Me.
All there Ted, provisioned, armaments and fortifications and limitless supply—by Me.

24. In every prayer and humility—every act of humility and obedience, Ted, in every act of your obedience and humility:
doors open,
provision comes,
intimacy increases,
need for mammon decreases,
I am elevated,
and I elevate you,
I elevate what I birthed in you.
I birth forth what I placed in you on every prayer of obedience and humility, humility, and honoring of My body.

25. Me Ted. Honor My body, My handiwork, My living craftsmanship.
My ones, My people, My love.

26. Every tear—Mine.
Every yellow tablet-page filled—Mine.
Every minute moment in Me—Mine.
I thank you. I love you. I exalt you now Ted, for exalting Me, exalting My body, is your purpose and you know it well, deeply, and opportunities never cease now. Be selective—see Me and do what I show you. Hear Me and say what I say. And correctable be for you are flesh yet, mature and maturing and still man.

27. Come more, more, more, and intercede more, and discoveries will I give your disciples who you hold on to not, but freedom bring, give, graciously honoring them—

Me—Me in them and Me-what-I've-placed-in-them—conceived in Me, brought forth in My big world—your system—which reflects only Me.

28. I love you, I love you, I love you. I love you deeply. I love you encompassingly. I love you when you fail and foibles create that I must fix. I love you when you fall. I love you when you come to Me incessantly and know I am yours and you are Mine and that I am real, I am speaking and Ted—let them all know—Joel 2, Isaiah 61, Hebrews, John, My Word—they must know My Word revealed to stabilize My words I give them—please, please, please.

29. The beauty of My Word—please give them.
Your pictures—My pictures—Me—permeating all—society and culture all, every strata.

30. Education—revamp in Me—and elevated be—My body all.
I love you, controverting not your logic that's Mine, but constricting unto death logic not Mine—overpowered by My love, My truth, My body reflecting Me.

31. I love you—no fear, no fear, no fear.
I love you—they will be here, who I bring.
I bring many—many deeply in Me—ready be.

32. Troops arise, helpers arise, all arise—and battles ensue.
Me—My war—My responsibility—your obedience.
Your subservience to only Me—who I love, who I arise, arising My whole body.

33. I love you. I thank you. Arise—march and slow not up—all glory in Mine.

34. I thank you. Thank you for coming and insisting your answers are in Me.
Thank you.
I Am.
